VOLTS

Modern edge-to-edge black glass with convenient viewing window

True European Convection for efficient heating, and even browning

Touch glass controls and large LCD display are easy to see, operate and clean

Stainless steel design with bright, halogen interior lighting and blue porcelain finish

Warm, Proof and Sabbath modes with a built-in probe thermometer

14 pass heating elements, 8 pass upper element and 6 pass hidden bake element.

DESIGNED FOR YOUR DREAM KITCHEN

Sharp's all-new, modern and elegant, built-in wall oven features an edge-to-edge black glass and stainless steel design. The SWA3052DS pairs beautifully with our SMD2480CS built-in Microwave Drawer™ for a dynamic duo of style and performance.

This 5.0 cu ft. 240V. built-in wall oven uses True European Convection to cook evenly and heat efficiently. The 8 pass upper element provides edge to edge performance. The 6-pass hidden bake element and sculpted floor of the modern, cobalt blue porcelain interior makes cleanup a breeze.

Touch glass controls and a large LCD display makes the control panel easy to see and operate. Six sculpted rack positions create a versatile cooking space. The bright, halogen interior lighting and large viewing pane let you keep an eye on your food from the outside, while the built-in precision probe thermometer lets you know what is happening inside.

With decades of experience designing innovative cooking appliances, it's easy to see why cooks around the world trust Sharp.

Heating element highlighted for illustration purposes.

The 8-pass upper element and probe thermometer give you precise control. Six sculpted rack positions for three shelves makes cooking for a crowd easy.

The 6-pass hidden bake element and sculpted floor of the modern, cobalt blue porcelain interior makes cleanup a breeze.

The dedicated heating element and fan of our True European Convection heats more efficiently and cooks more evenly than conventional ovens.
