Features & Benefits

Performance power

Precise cooktop controls let you sear or stir fry over instant, powerful heat. Use the high burner power or simmer a delicate sauce using the gentlest of heats.

Design quality

Every detail in this range has been carefully crafted using quality products from the soft-close door, rounded hob rail and glowing halo dials.

Large capacity

The large 4.9 cu ft capacity for this range gives you plenty of space to cook multiple dishes at the same time.

Multi-shelf cooking

Our AeroTech™ system circulates air evenly throughout the entire oven so dishes on the top shelf turn out just as perfect as food cooking on the bottom shelf.
