

WODV2-30

30" Double Wall Oven

DCS electric wall ovens have been designed without compromise. These true convection ovens have continuous thermostat control, delivering exact results every time, with no hot spots or variable temperatures. They feature 10 cooking modes (plus a Sabbath Mode) and a true convection system that heats up quickly and ensures a steady, consistent temperature throughout the spacious 4.1cuft interior. An exceptional roast function delivers crisp results on the outside and a cooking probe is provided to help deliver perfect results. Full extension telescopic racking and the multi-position door hinge make for safe and easy use. Three halogen interior lights let you see clearly inside the oven, and both models feature a handy built-in cooking probe, delayed start and self cleaning mode.

Features & Benefits

10 Cooking Functions

A unique two-stage roasting function plus nine others for everything from a quick pizza to a gourmet meal. The wide temperature range lets you safely proof breads and dehydrate meats, fruits and vegetables — or broil quickly at up to 4,400W. Cooking Functions: True convection, Convection bake, Bake, Convection pastry, Pastry bake, Roast, Broil, Maxi broil, Convection broil, Warm

Total Control

A digital microprocessor monitors the temperature to ensure precise heat. Combined with a four-way convection system, this creates even heat distribution throughout the oven.

Cooking Flexibility

A full extension telescopic racking system gives safe and easy access to the oven and the optional shelf positions allow true multi-level cooking. An electronic meat probe provides automatic cooking functionality.

Easy to Clean

No need for harsh chemical cleaners in our Wall Ovens; simply remove the racks and set to self-clean. The cool-touch oven door will remain safe to touch on the outside.

Information at a Glance

Halo illuminated dials provide information at a glance. White – heating up; orange – temperature is reached; red – self-cleaning mode. Three halogen lights and the large oven window creates excellent visibility of what's cooking.

Kitchen Family Match

A choice of two handle profiles — round or square – enabling the perfect fit with your preferred kitchen style.
