

# 48" ELISE INDUCTION RANGETOP

MODEL: AEL48INRT

In the re-imagining of the classic Elise design, AGA took its cues from the modern farmhouse movement itself. Rustic yet refined, the Elise blends old and new in masterful ways, both fresh and timeless, with just a hint of the exquisite.

The AGA Elise Induction Rangefitop can heat food precisely, two to three times more quickly than gas, while conserving energy, saving counter space, and simplifying cleaning by keeping glass surfaces cool so splatters don't cook on.

Complimented by stunning cruciform knobs with knurling (available in standard Brushed Nickel, five after-market finishes, or optional Antique Brass), the re-imagined AGA Elise Induction Rangefitop confidently steps into the spotlight along side its classic AGA siblings.
